MEMORANDUM FOR THE RECORD

20 May 1952

Reimbursement for Pre-employment Physical Examination made at
Prospective Employee's Own Expense

....."The regulations of this Agency do not require a pre-employment examination but rather a pre-employment evaluation through analysis of a medical history form. A complete physical will be given each individual prior to assignment to duty in the Agency..... It does not appear, therefore, that the Comptroller General's decision referred to affects this Agency." (22 Comp. Gen. 243)
